WELCOME TO OUR 2025 HARROD HORTICULTURAL FURNITURE COLLECTION!

I'm thrilled to introduce you to our latest range of outdoor furniture and accessories, designed with craftsmanship, timeless beauty, and longevity in mind. At Harrod Horticultural, we know how important your garden is, and we've created pieces that help you make the most of it, all year round.

This year, our beloved Furniture Collection has grown, with some exciting new additions. Whether you're relaxing in the sunshine, hosting family and friends, or simply enjoying some quiet time, our new Darsham folding dining and bistro sets are perfect for those more compact spaces or for easy storage. There's a choice of two stylish chair designs within the Darsham folding furniture collection and two finishes - the distinctive antique hand etched as well as a soft powder coated lichen green that blends well in garden settings. For those looking to complete the look, our new Blacksmith arch and planters bring a beautiful consistency throughout your entire garden.

As always, we're proud to offer lengthy structural guarantees across our entire furniture range, ensuring your furniture stands the test of time, just like your garden.

I hope you enjoy browsing through this year's collection and find inspiration for your outdoor space.

Warm regards,

Stephanie

WHY CHOOSE OUR FURNITURE?

At Harrod Horticultural, we design beautiful, long-lasting outdoor furniture that combines style, comfort, and durability. Our Southwold and new Darsham collections are crafted to enhance your garden for years to come.

HERITAGE CRAFTSMANSHIP

Inspired by Industrial Revolution blacksmiths, each piece is handmade using precision welding for exceptional quality.

COMFORT & STRENGTH

Our furniture is ergonomically designed for both strength and comfort. Variable thicknesses of strip steel enable the strongest of chair legs and gives the seat base comfort and spring. The chair designs are tapered front to back and the back rest has a curved form too, delivering both aesthetics and further comfort. Optional cushions add extra luxury, ensuring every outdoor moment is enjoyable.

ALL-WEATHER DURABILITY

Our hot dip galvanised steel furniture is built to resist rust, both the antique hand etched and powder coated finishes require low maintenance with winter coverings non-essential.

SUSTAINABLY MADE

We create furniture as a lifelong investment, ensuring your garden is both beautiful and environmentally conscious.

LENGTHY GUARANTEES

All furniture pieces are covered by lengthy structural guarantees - 25 year for Southwold Collection and 10 year for Darsham Collection. Our testing suggests that due to the level of quality of manufacture and materials, coupled with the timeless style, the collections can truly be considered as a sound long term investment. See our website for full details of the guarantee and care instructions.

EXCEPTIONAL SERVICE

Our dedicated customer service team is here to assist you from order to delivery, ensuring a seamless experience. Call us on **0333 400 6400**.

ENJOY YOUR OUTDOOR SPACE YEAR-ROUND

At Harrod Horticultural, we're passionate about helping you create the perfect outdoor space that you'll love for years to come. So, whether it's our classic Southwold or new Darsham folding furniture collection , we're here to make sure your garden is beautiful, comfortable, and ready for any season.

SPRING

As the garden awakens, spring is ideal for enjoying your outdoor space again. Picture yourself sipping coffee in the sunshine on a comfortable chair. With Harrod furniture, you can host casual lunches or relax in style without worrying about maintenance, thanks to its weather-resistant design.

SUMMER

In summer, your garden becomes a hub for relaxation and entertaining. Whether you're reclining on a sofa bench or hosting a garden party around our spacious dining tables, our furniture offers the perfect blend of comfort and elegance. For smaller spaces, the Darsham folding bistro sets allow you to enjoy sunny corners with ease.

AUTUMN

As the leaves turn, outdoor dining and quiet moments in the garden become cozy and magical. Harrod furniture thrives in all weather, so you can continue enjoying your garden through the cooler months. No need to store it away - our furniture is highly sustainable.

WINTER

Even in winter, your garden can be an inviting space. Durable and low-maintenance, our furniture stands strong through rain, frost, or snow. Set up around a fire pit for a festive gathering or simply enjoy the crisp air - winter coverings are non-essential with our furniture that is always ready for use.

SOUTHWOLD PLANTERS: THE PERFECT FINISHING TOUCH

Each planter is made from high quality steel, is hot dip galvanised and hand etched for a unique aged patina that improves over time. The planters are great individually to create floral displays or for specimen shrubs and bay trees but are also very effective planted up in groups or in pairs.

NEW for 2025, the **Round Planters** are meticulously researched, designed and expertly proportioned. They are hand spun and fabricated using traditional high-skilled techniques that delivers smooth rolled edges, a delightful tapered design and superior strength.

The design is detailed with side straps, attractive rivets and decorative rings, as well as solid ball feet. Bases include a central drain hole with bung and a security loop to attach a padlock/ chain (not supplied) to prevent opportunist theft.

The **Classic Planters** have straight sides with square panelled detail on all four faces, detailed moulding on the top and bottom and feature a decorative ring on two sides. Draining hole with bung supplied. The darker pre-weathered finish will lighten over time to create a beautiful classic aged patina.
